

#RealCollegeTX:

Basic Needs Technical
Assistance Topic 2: Analyzing
Basic Needs

Vanessa Coca, Director of
Research

August 18, 2021

So, you have data.
What next?

Goals for today's session

1. Determine key decisions in analyzing and presenting your data
2. Identify disparities in support utilization when compared to BNI rates
3. Identify specific ways BNI data can inform your institution's ongoing strategy

Look at *who* took the survey

Are the respondents representative of the entire student body?

- Are some groups over- or under-representative of the full student body?
- Is it possible to use survey weights?

Respond at [Pollevo.com/hopecenter435](https://www.pollevo.com/hopecenter435)

Text **HOPECENTER435** to **37607** once to join, then text your message

Discussion

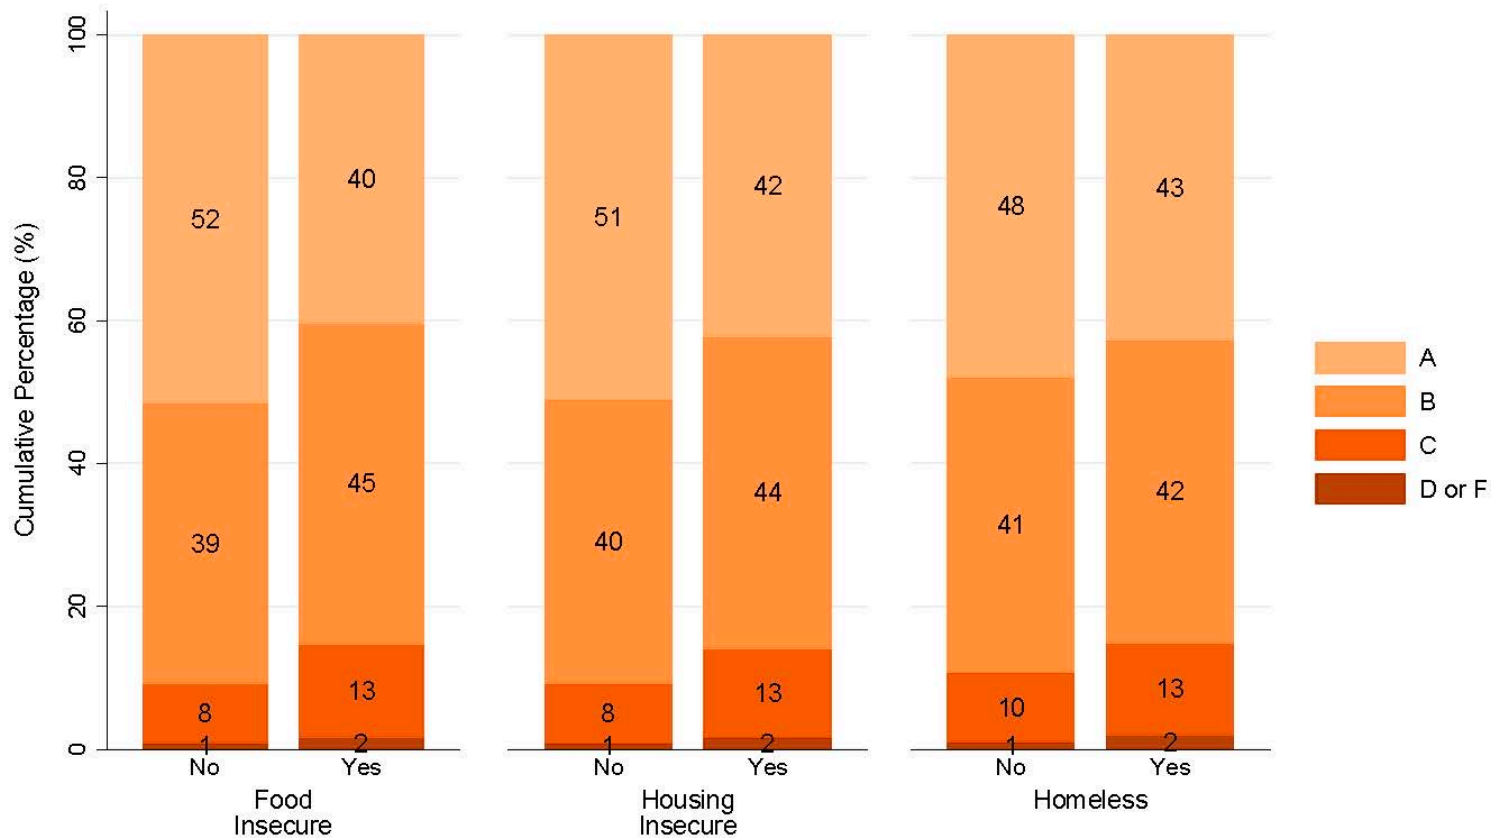

What relationships are you interested in examining and why?

Examining key demographic relationships with insecurity

Examining key academic relationships with insecurity

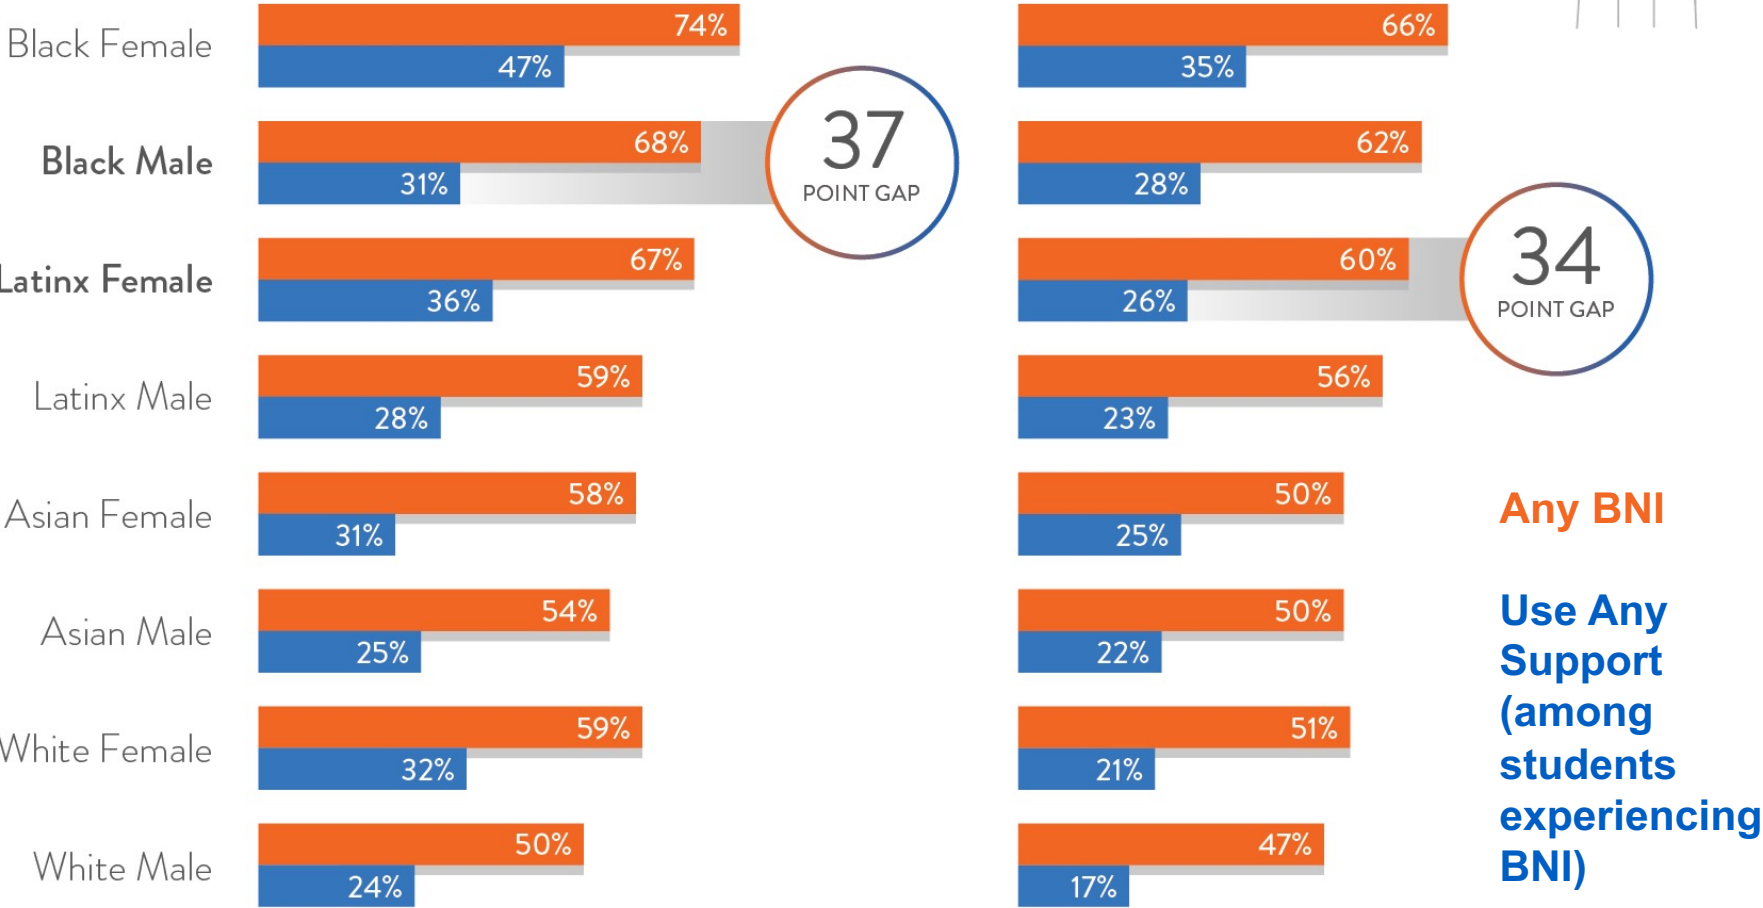

Examining disparities in BNI and use of any campus support

TWO-YEAR

FOUR-YEAR

When preparing your report...

Include key details of your survey:

- How did you conduct the survey?
- Who participated?
 - How many were surveyed?
 - How many students responded?
- What, if any, incentives were provided?

When preparing your report...

Include reference points:

- Over time
- Comparisons
 - Similar institutions
 - System
 - State
 - National

When disseminating your report...

Consider:

- Sharing results with key audiences
- Connecting findings to institutional strategy
- Preparing a press release

Breakout discussion

How will you use BNI data to inform your existing work?

QUESTIONS

NEXT SESSION

- Supports and student utilization:
Financial Aid
- Wednesday,
September 7,
2:30pm CT
