Del Mar College

Campus Facts

- Del Mar College, a two-year comprehensive community college founded in 1935, is one of 80 state- and locally-supported community colleges in the 50 public community college districts in Texas.
- The College served 10,678 credit students in Fall 2020.
- The average student age is 24 years.
- More than (70.2%) of the students are identified as members of ethnic or racial minority groups.
- Fall of 2020, 85.1% of students were enrolled part-time.

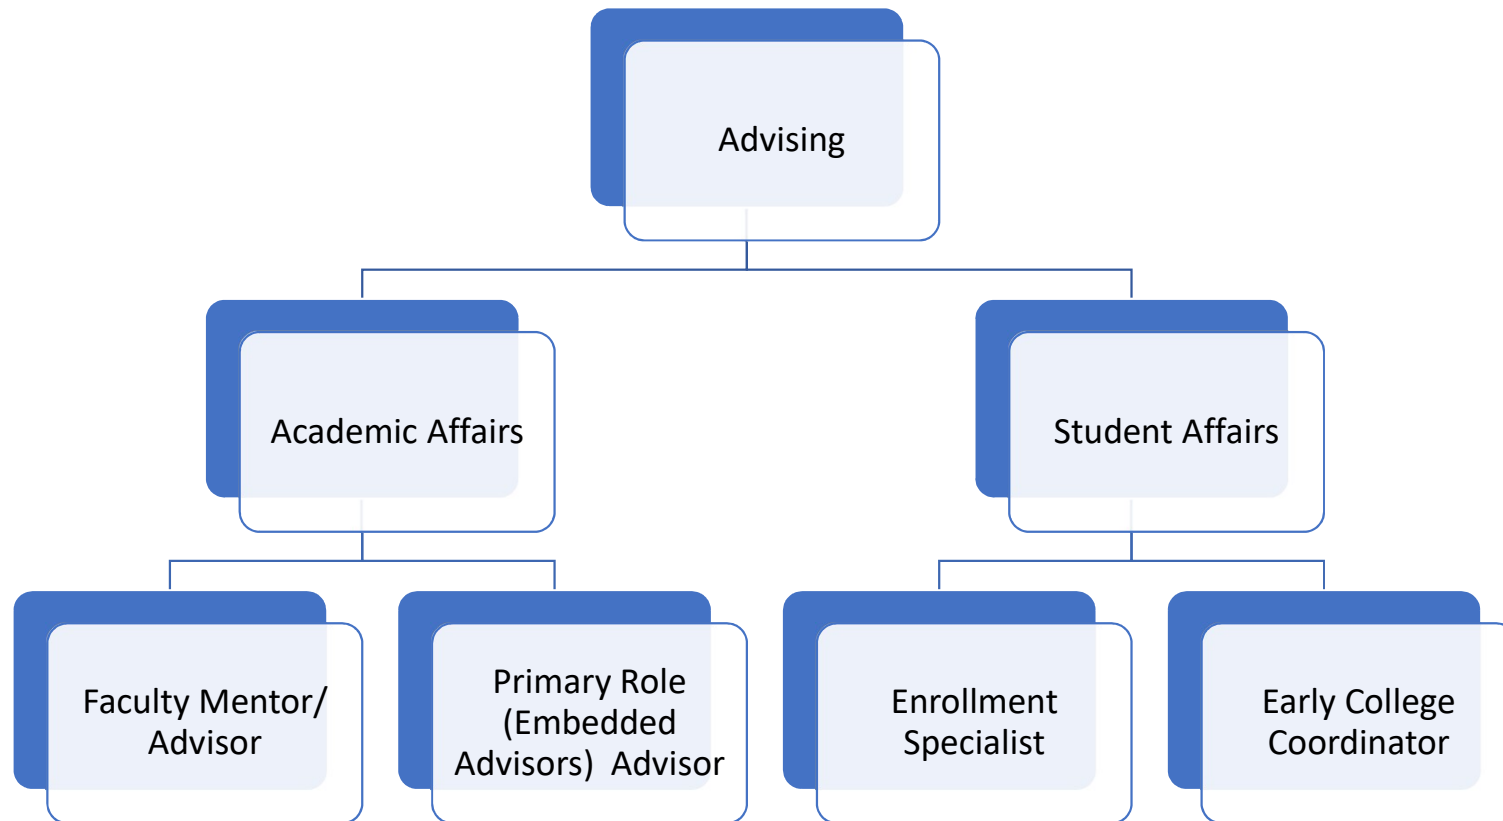

Poll the audience

What is your role at the college?

- Faculty
- Staff
- Administrator

Del Mar College – Advising Structure

Shared – Decentralized Model

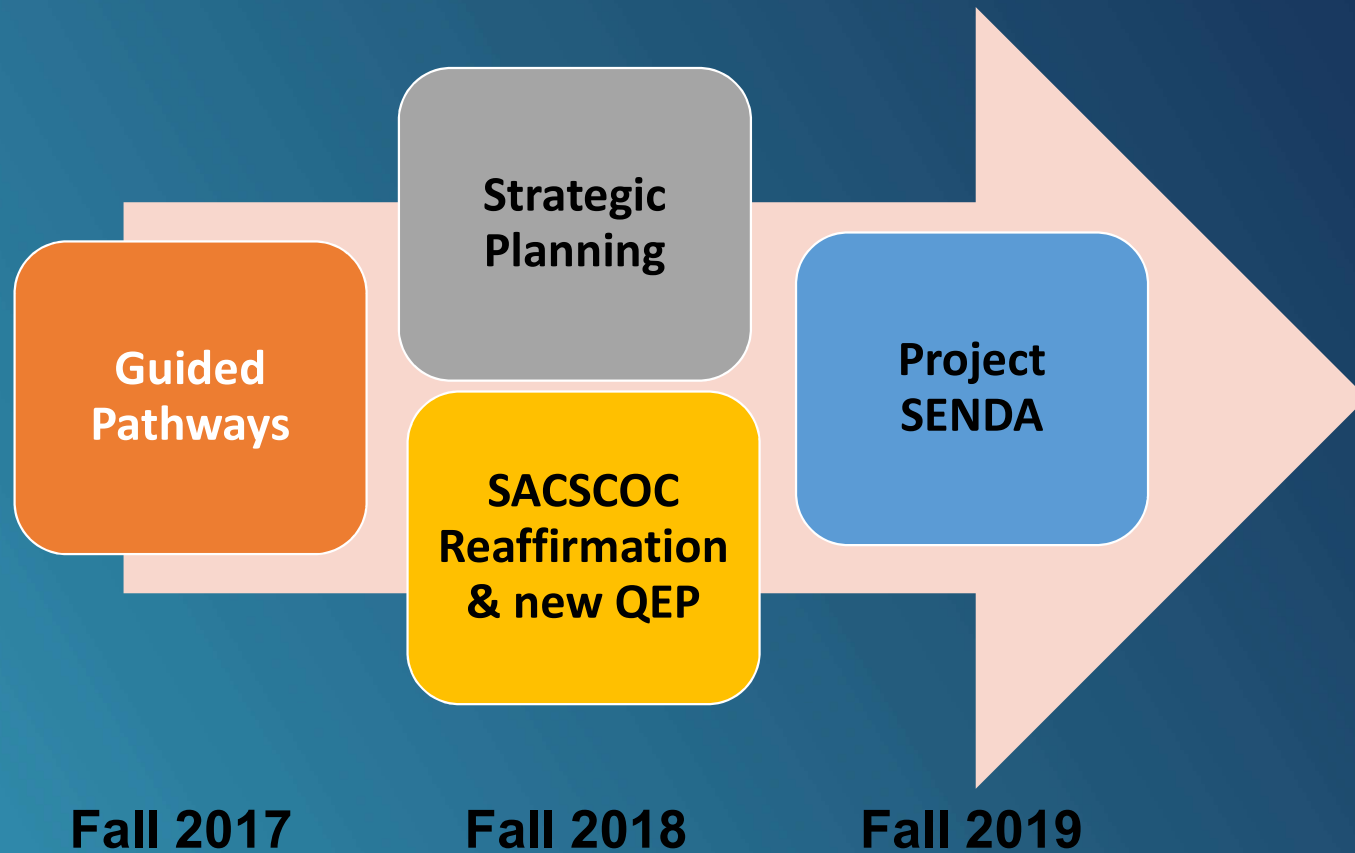

Poll the audience

What is your existing advising structure?

Centralized: where professional and faculty advisors are housed in one academic or administrative unit

Decentralized: professional or faculty advisors are located in their respective academic departments.

Shared: where some advisors meet with students in a central administrative unit (i.e., an advising center), while others advise students in the academic department of their major discipline.

Quality Enhancement Plan (QEP)

Goal 1	Clarify Career Goals Provide structure and support for students who have not yet decided their educational paths and career goals.
Goal 2	Follow Consistent and Effective Advising Practices Ensure that students enrolled in programs across all eight pathways receive consistent and effective advising services.
Goal 3	Improve Student Engagement Use regular and ongoing advising to assist students' progress toward completion of educational goals.
Goal 4	Strengthen Transfer Pathways Strengthen pathways to four-year degrees.
Goal 5	Utilize Innovative Technology Implement tools that allow students and advisors to monitor progress to completion of education and/or career goals.

Project SENDA

Students Engaged in Direct Advising

- \$2.8 Million Title V Grant
- 5-year Grant Cycle; 2019-2024
- Overall Goal is to ensure the implementation of advising best practices institution-wide.

Project SENDA

Title V - Federally funded by the U.S. Department of Education

- Must have Hispanic Serving Institution (HSI) designation
 - 25% of student population must identify as Hispanic
- 69.2% - DMC Hispanic student population in Fall 2019

Core Competencies of Academic Advising Framework

- The **Conceptual** component provides the context for the delivery of academic advising. It covers the ideas and theories that advisors must understand to effectively advise their students.
- The **Informational** component provides the substance of academic advising. It covers the knowledge advisors must gain to be able to guide the students at their institution.
- The **Relational** component provides the skills that enable academic advisors to convey the concepts and information from the other two components to their advisees.

Graduates Online Advising Certification Course

Total:
Level 1: 84
Level 2: 30

Level 3: Train the Trainer

The Train the Trainer Program strives to create a sustainable system of high-impact advising practices across academic disciplines. While offering a mentor-tiered system for a community of advising scholars and practioners. Each opportunity will provide training on technology tools, methods of practices and student centered approaches. Prior to implementation, each workshop will be approved through the GPS Leadership team, to foster continuity of practices and comprehensive approach.

Level 3: Train the Trainer

Registration Refresher Summer/Fall 2022

Areas for improvement

Identify sustainability practices post grant.

Recruit more faculty every semester.

Peer Grading

Advisor Shadowing

Professional Etiquette (e.e. response time, E-mail & Phone)

Empathy & Understanding the community college student

Onboarding Process

Additional course for: Non-exempt

Celebrating our WINS

- Hispanic student certificate completion
- Three-year graduations rates

Using Datatel &
Civitas Learning

What was an example of a situation where you applied something you learned from the course to your advising practice?

I have a student who is seeking credit in welding classes taken at another institution 20 years ago. We are going to administer a written exam through the department to acknowledge credit if he passes.

Leaving advising notes

I was able to ask better questions in my advising appointment.

When I get a student who was unsure of what path to follow for their degree plan.

Knowing how to get useful information from Datatel and Financial aid implications.

I have never used EMSI so I liked the entire thing!

The video of us acting as advisors. It really helped us get a better feel of being an advisor.

I got assigned Graduation Evaluations and was not familiar with how to run a evaluation. This course definitely helped.

My office is located in the Harvin Center and I frequently get students asking questions, and I can now give informative information, and send them to the correct office.

I advised a student the other day and knew how to use civitas and colleague

It was a lot of fun and very informative. I think everyone at DMC should take this course.

I would just like to take the time to thank all of you for the hard work that is put into the course and all the helpful insights it has provided. Leticia you just radiate positivity and I can't get enough of it. I thoroughly enjoyed watching your video responses and appreciate you addressing the wheel of power/privilege's from the very beginning.

Small Group Activity

Key Takeaways

Determine sections - Build a framework for the Course

Identify stakeholders - Collaborate with champions in advising

Return on investment – What the reward (CEU, Stipend)

Marketing - Recruit & Include Content Experts

Identify Existing Advising Tools

Give yourself SPACE & GRACE through the process

Use NACADA Resources

Find your rhythm
