

# Spoiler Alert: It isn't about the Website

Crystal Robert (Data Nerd, Student Champion, and really good at baking)

Rebekah Bell (Lover of Flow Charts, Concise Emails, and Assessment)

# Agenda

---

- What's up in El Paso
- Student Success Conversations at EPCC
- Evaluating Initiatives from a Student's Perspective
- Re-aligning our work

## FALL 2022 DEMOGRAPHICS FOR ALL STUDENTS

Total Headcount (Unduplicated): 24,909

Full-Time: 7,015 (28.2%) Part-Time: 17,894 (71.8%)

Female: 14,044 (56.4%) Male: 10,347 (41.5%)

Undisclosed: 518 (2.1%)

First Generation Students†: 4,732 (49%)

Median Age: 19

Average Age: 20

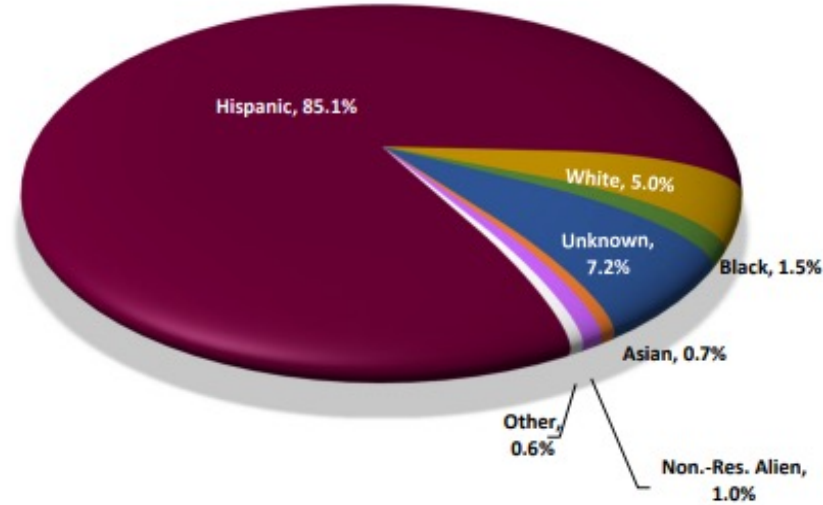

Mode (Most frequently found age): 16

### Enrollment by Major Type

Academic Major Students: 20,347

Vocational/Technical Major Students: 4,421

Undeclared, Non-Degree Seeking Students: 141

Full-Time Equivalent (FTE) students\*: 13,325

Number of Students Served by the Center for Students with Disabilities: 535

# EPCC

†A First-Generation Student is a student who is the first member of his or her immediate family to attend a college or university; neither of his or her biological or adoptive parents have ever attended a college or university. Percentage is calculated from those persons who self-reported being a first-generation student on an EPCC survey given biannually. (Source: THECB Glossary of Terms)

\* FTEs are calculated by dividing total student credit hours by 15 (for the Fall term). \*\* "Other" category includes Native American, Pacific Islander, and persons with 2+ Races

Sources: Student Banner Files; EPCC Dashboards

# EPCCC and Pathways

- Member of the 30 national colleges.
- Focused on creating articulated Pathways for each program.
- Invested Pathways leadership into appropriate offices for longevity.
- 2023 Pathways Inventory: "Are we still doing the things?"
  - COVID remote evolved multiple positions and services.
  - Challenges reaching shared understanding of what Pathways was accomplishing.
  - Employee turnover was not allowing for consistency in leadership or communication.

# Pathways Restructure

1

Reconstitute the Student Success Core Team.

2

Clarify actionable goals and deliverables: "Evaluate the status of the student success supports in our Pathways design".

3

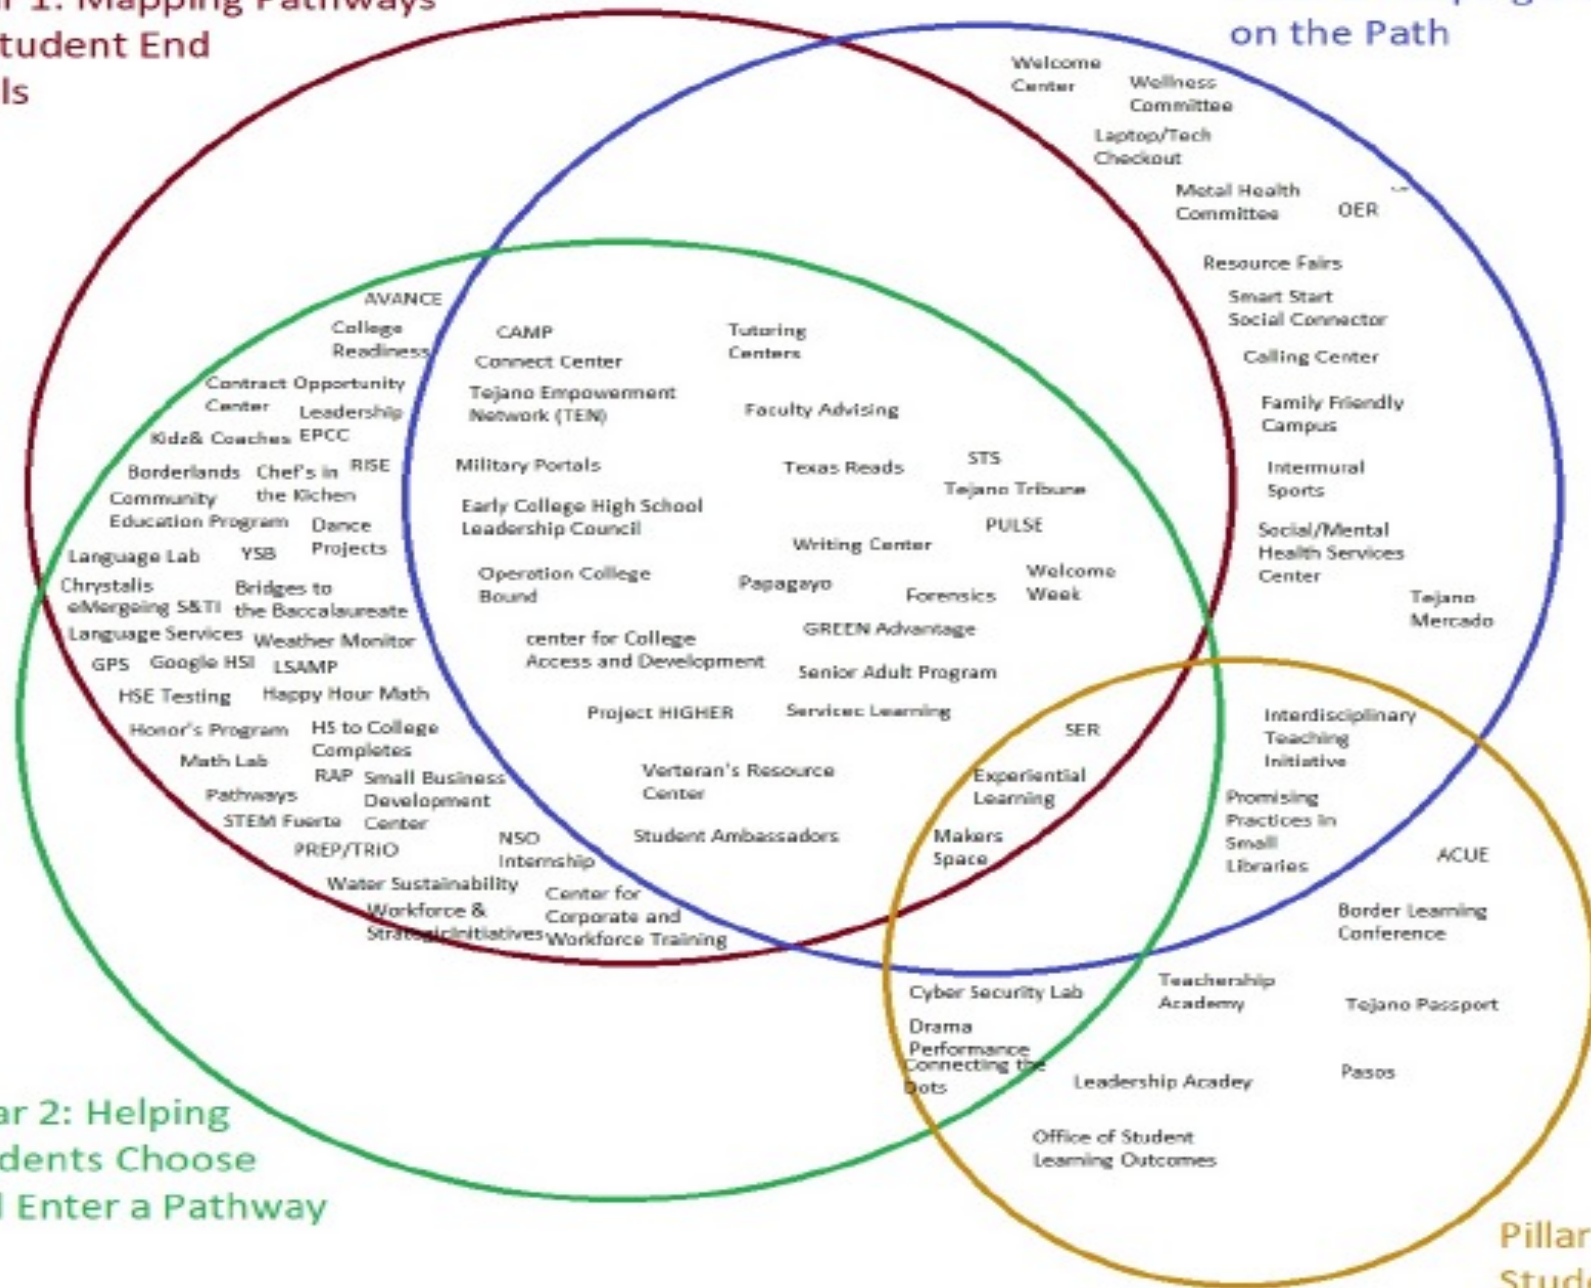

Identify what Student Success Initiatives were still active. 179 SSIs identified.

4

Classify SSIs under Pathways pillars.

**Pillar 1: Mapping Pathways to Student End Goals**

**Pillar 3: Keeping Students on the Path**

**Pillar 2: Helping Students Choose and Enter a Pathway**

**Pillar 4: Ensuring Students are Learning**

# The problem...

1. Many SSIs had "drifted" over COVID.
  - Resources had been reassigned and/or repurposed (money, staff, and equipment)
  - Mission of the SSI on paper no longer matched the work they were doing.
2. SSI service network was siloed
  - Duplication of efforts was common.
  - Data sources no longer interfaced.
  - Perceptions of competition were more common than perceptions of collaboration.

# "Has anyone ever actually asked a student what they needed?"

...And we hadn't.

- RQ1: What needs do students identify and how do they change over time?
- RQ2: What strategies do students use to satisfy their needs and how do they change over time?

# WHAT DID YOU NEED? STACKED PERCENT RESPONSE BY INTERVAL

■ Enrollment ■ Entry ■ Progress ■ Complete

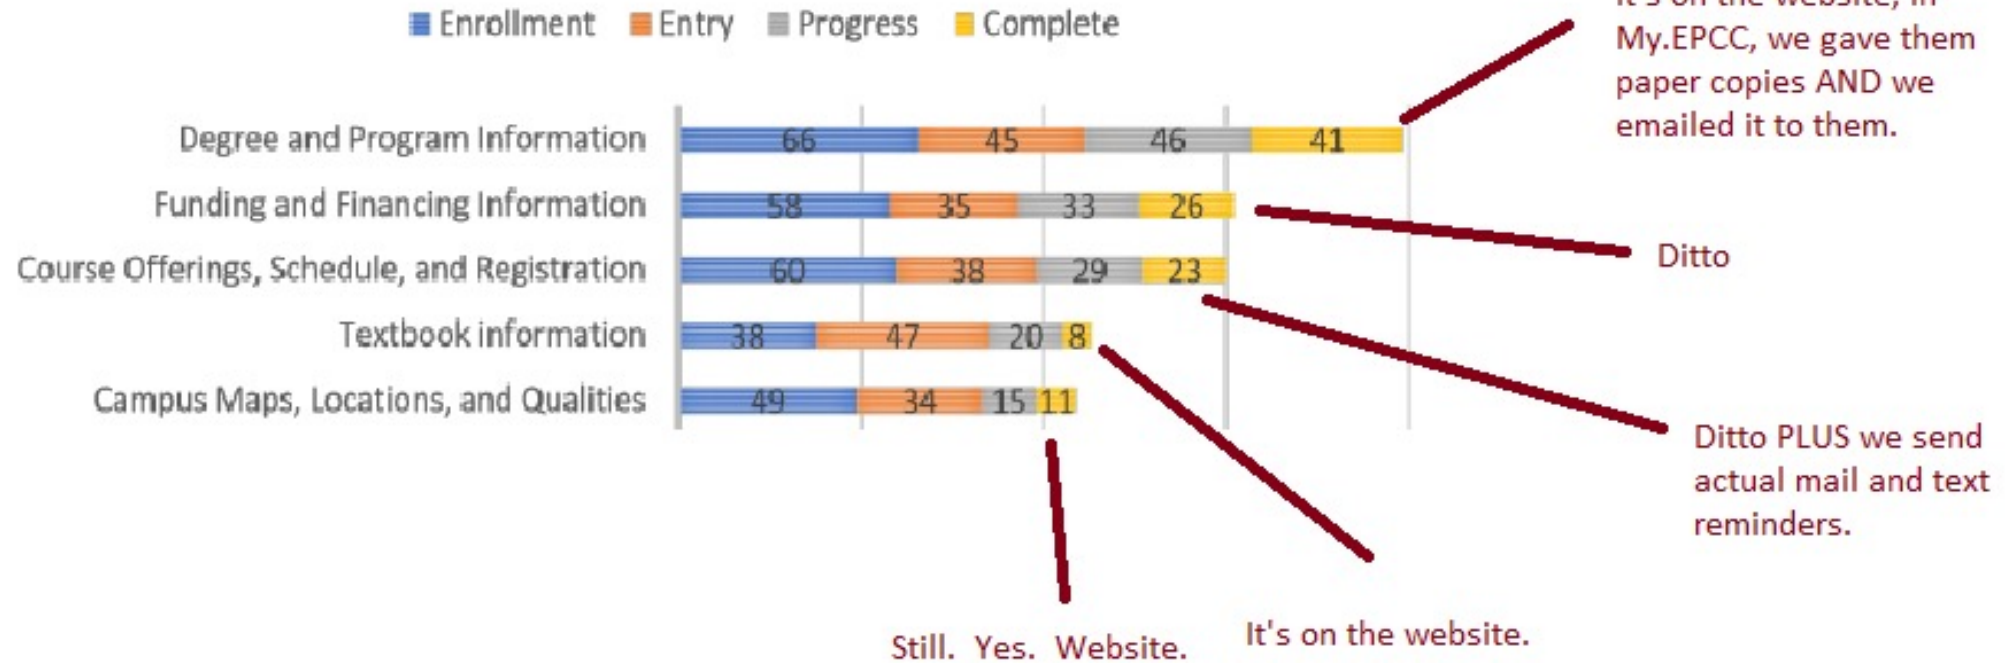

# HOW DID YOU FIND WHAT YOU NEEDED? STACKED PERCENT RESPONSE BY INTERVAL

■ Enrollment ■ Entry ■ Progress ■ Complete

# Why was this weird...

## WHAT DID YOU NEED? STACKED PERCENT RESPONSE BY INTERVAL

Here is "I was good, thanks"

Here is "I am adulting on my own..."

Here is where we KNOW we gave them physical copies of \*all\* the things.

Please note, ranked lower than "I can do this by myself."

Here is all our well designed, resource intensive, thoughtful text messages, emails, online announcements, chats, social media posts, and the website.

# Big lessons

Students want other people at each stage of their journey.

Announcements, emails, even the website were nowhere near as utilized as finding a person.

We need to frame our student supports humanistically.

"You need tutoring" = probably no.

"Let's talk to Patricia" = much better.

# How was that used

- Comb through the SSI list and focus on the services that were aligned with student needs (44 remained).
- Reclassify list to focus on services as students need them.

Name	Pathway Phase	Strategic Goal	Strategic Outcome	Contact	Description
8 Week Schedule	Progress	Drive student success	Increase student retention and graduation	Joshua Villalobos	MdP initiative transitioning classes to hybrid 8 week delivery
Border Health Clinic	Progress	Sustainability	Prioritize individual, campus, and workplace safety	Hajjar, Souraya	Health care for community and service opportunities for students. Vaccination services for incoming students. Preventative health services in Dental Hygiene, Echo and General Sonography and Physical Therapy Services.
Borderlands	Progress	Provide quality education to meet student's diverse needs	Promote Co-curricular learning.	Barakat, Richard	annual publication of ENGL 1302 students that includes research-based stories about topics of historical local interest
Bridges to the Baccalaureate /Future	Career	Provide quality education to meet student's diverse needs	Facilitate college transitions	Ortega, Rosalia	creates external learning opportunities for Biology students in the form of research experiences to facilitate transfer to UTEP/4-yr program
Calling Center	Entry	Provide quality education to meet student's diverse needs	Facilitate college transitions	Talamantes, Michael	focuses on previously-enrolled students who have not yet enrolled for current/upcoming semester; offers information on how to clear holds and other barriers preventing registration
