# Report on SB 1, The General Appropriations Act

By Senator Jane Nelson

House Sponsor: Representative John Zerwas

The 85th Texas Legislature passed SB 1, the General Appropriations Act, which provides funding for the 2018-19 biennium. All funds for the entire state budget total \$216.8 billion from all fund sources, an increase of \$4.0 million (0.2%) above the 2016-17 biennium. General Revenue funds for the entire state budget total \$107 billion for the 2018-19 biennium, a 1.2% decline from 2016-17. (Source: *Summary of 2018-19 Conference Committee Report for SB1*, Legislative Budget Board, May 2017)

- TACC's Student Success model for funding community college instruction (Core Operations-Student Success Points-Contact Hour Funding) was initially adopted by the 83rd Texas Legislature for the 2014-15 biennium and was funded again in the 2016-17 biennium. Both biennia were funded using the following formula: fund Core Operations first, then split the remaining dollars into Student Success Points (10%) and Contact Hour Funding (90%).
- The 85th Legislature continued funding Core Operations, Student Success Points, and Contact Hours for the 2017-18 biennium but decoupled the amounts appropriated per fund as shown in the chart below.

The Senate and the House emphasized different components of the Community College appropriation. The Senate initially zeroed out all special items in higher education whereas the House funded special items at a reduced rate from the 2016-17 biennium. SB 1 passed by the Senate included funds for the Southwest Collegiate Institute for the Deaf and a \$44.7 million increase to Student Success Points. SB 1 passed by the House included an additional \$20 million for student success points over the initial bill.

Conference Committee kept Contact Hour funding at the same level, increased Core Operations by \$18 million, funded Student Success Points at a lower rate than either Chamber's bill, and adopted Special Item funding levels similar to the House bill. Special Items will be the topic of a Joint Interim Committee. See page 4 for details.

The instructional appropriation for community colleges is \$1.764 billion; a \$19 million increase from the 2016-17 biennium.

- \$1.52 billion was appropriated to Contact Hour funding. The average rate per contact hour rose slightly from \$2.69 per CH to \$2.70 per CH. Base year contact hours declined 0.7-percent from the previous biennium (280,941,841 contact hours compared to 282,919,371 contact hours).
- Funding for Core Operations was increased from \$50 million to \$68 million (36% increase). Core funding for each college district is \$1.36 million for the 2018-19 biennium; an additional \$360,800.
- \$180 million was funded for Student Success Points in 2018-19. Student success points increased 7.0-percent from the last biennium (1,048,949 student success points compared to 980,204 student success points). The 2018-19 rate per student success point is \$172. The 2016-17 rate was \$173 per point.

## Special Provisions Relating Only to Agencies of Higher Education

Sec. 62. Non-Formula Support Items and Formula Study. Out of funds appropriated elsewhere in this Act, a special joint interim committee comprised of 5 members appointed by the Lieutenant Governor and 5 members appointed by the Speaker, with the Lieutenant Governor and Speaker each designating a presiding co-chair from amongst their appointments. The members of the committee shall be appointed no later than September 15, 2017. The joint interim committee shall prepare recommendations for realignment and/or possible elimination of non-formula support items and improvements of formula funding for institutions of higher education.

All items receiving funding in an Article III goal or objective denoted NON-FORMULA SUPPORT are sunset effective August 31, 2019. The committee shall review the purpose, goal, and effectiveness of all non-formula support items. The joint interim committee may consider, but is not limited to, the following:

1. Options to allocate any identified non-formula support item funding reductions into existing funding formulas;
2. Review options to phase out over multiple biennia non-formula support items for items that are determined to generate formula funding and determine a standard time frame when these items will expire;
3. Review start-up and downward expansion funding and determine a standard time frame when these items will expire and parameters for formulaic support;
4. Equity of funding among similar programs, considering the varying needs of the institutions based on size, mission, location, student body, and maturity of the institution or programs;
5. Realignment of existing non-formula support items into categories such as
  - a. Instructional Support
  - b. Start-up and Downward Expansion
  - c. Institutional Enhancement
  - d. Research Support
  - e. Public Service
  - f. Healthcare Support
  - g. Trusteed Funds
  - h. General Revenue - Dedicated and Fee Funded Items
  - i. Economic Development
6. Funding alternatives based on the different categories of non-formula support items, including existing I&O, Research, and Infrastructure formulas or transfer to other state agencies;
7. The historical use of each item, whether and how to reflect such items in categories or formula, and duration of support;
8. Evaluate potential formula adjustments to institutions that are growing and institutions with static enrollment;
9. The effects of the compression of the General Academic Institutions' Instruction and Operations formula's cost-based weight matrix;
10. The effects of using actual data versus the use of statutory tuition estimates on the General Academic Institutions' formulas; and
11. Review options to allocate any identified non-formula support items for Public Community/Junior Colleges into outcomes-based formula funding.

The joint select committee shall report their recommendations to the presiding officers of both chambers no later than April 15, 2018. It is the intent of the Legislature that these recommendations be considered by the Legislative Budget Board and Governor's office in developing the joint budget instructions for the 2020-21 biennium.
