

Performance-Based Funding at Texas Community Colleges

March 2019

STUDENT SUCCESS POINT MODEL

* Funding for student success points is based on 3-yr averages

Student Success Points

Student success points have increased by 14% since FY 11-12-13.

Growth in math education and degree completion have driven the steady increase in success points. Between the FY 12-14 period and the FY 16-18 period:

- Success points for completion of developmental math courses increased by **45%**
- Success points for completion of credit-bearing math courses increased by **23%**
- Success points for completion of degrees and certificates increased by **34%**
