Timeline and Strategies for Leading Guided Pathways Redesigns

LAYING THE GROUNDWORK FOR WHOLE-COLLEGE REDESIGN
2+ Years Prior to Pathways
- Build awareness that college creates barriers to student success and that only large-scale, cross-college reforms will remove them
- Build a culture of data-informed practice
- Reorganize decision-making roles and structures to facilitate broad engagement in planning and implementing improvements
- Foster individual accountability for contributing to the college’s goals for student success
- Encourage creativity and experimentation in developing strategies to improve student success
- Provide time and support for collaborative planning and professional development

INTRODUCING GUIDED PATHWAYS TO THE COLLEGE COMMUNITY
Starting in Year 1
- Make the case for guided pathways by showing how a lack of clear program paths and supports hurts students
- Communicate a guiding vision for the reforms
- Cultivate a shared understanding of guided pathways through college-wide in-person meetings and virtual communication
- Allow time for reflection and deliberation
- Present guided pathways as a framework for aligning and enhancing existing student success efforts

SUPPORTING COLLABORATIVE PLANNING AND IMPLEMENTATION
Starting in Years 2–3
- Support cross-functional leadership and collaboration to plan and implement pathways
- Engage faculty and staff from across divisions in mapping program pathways to good jobs and transfer in a major
- Ask staff and faculty to map the entire student experience—both the status quo and what it should be
- Identify and support change leaders throughout the college

SUSTAINING AND INSTITUTIONALIZING STUDENT SUCCESS REFORMS
Starting in Years 4+
- Take time to celebrate wins, reflect on progress, and plan next steps
- Reallocate and align resources to help scale and sustain effective practices
- Ensure that employee hiring, onboarding, and promotion practices support a culture focused on improving success for all students
