**EMBRACING HOUSTON'S FUTURE**

A COMPREHENSIVE STRATEGY

HOUSTON COMMUNITY COLLEGE

# ENCOURAGING COMMUNITY INPUT

## OUR VISION

Houston Community College will be a leader in providing high quality, innovative education leading to student success and completion of workforce and academic programs. We will be responsive to community needs and drive economic development in the communities we serve.

Dear Kurt,

Thank you for your commitment to Houston Community College and our students' futures. As we look ahead, HCC's bold vision to meet the educational needs of our region will ensure that we are preparing Houston's workforce of the future. Your contribution to our strategic planning efforts will enable us to focus on innovation and ensure HCC's continued success. This Challenge Coin recognizes your dedication to our mission. Please make this a personal challenge to commit to our students today and tomorrow. Our future is Houston's future.

Sincerely,

Cesar Maldonado, Ph.D, P.E.  
Chancellor  
Houston Community College

# Strategic Planning Feedback Forms

*College & District Office Strategic Planning Input sessions*

- Three Questions
  1. Describe the one change that will have the greatest impact on HCC's future.
  2. To meet the needs and demands of our city, how will education need to be delivered in ten years?
  3. What are the 10 things that we can do to change
    - the **faculty and staff experience** at HCC?
    - the **student experience** at HCC?
    - the **community experience** of HCC?
- All feedback is collected, organized, and studied using established qualitative research methods.

# DISTINCTIVE FEATURE: WHY PERSONAS?

To free HCC from the standard categories that limit HCC's understanding about those it serves in favor of more robust portraits that deepen the College's knowledge of how to serve its students – and those who could be its students – more effectively

# Qualitative Methodology: *Bringing Data Alive through Student Voices*

- Quantitative data gives us large general surface
  - *Numbers, statistics, quantities*
- Qualitative data gives us a detailed picture of student experience
  - *Stories, opinions, values, concepts, behaviors in a specific context*

# Hearing Student Voices: Qualitative Focus Groups

Student  
Engagement &  
Success

*If Nothing Changes...  
nothing changes*

Co-Requisite  
Courses

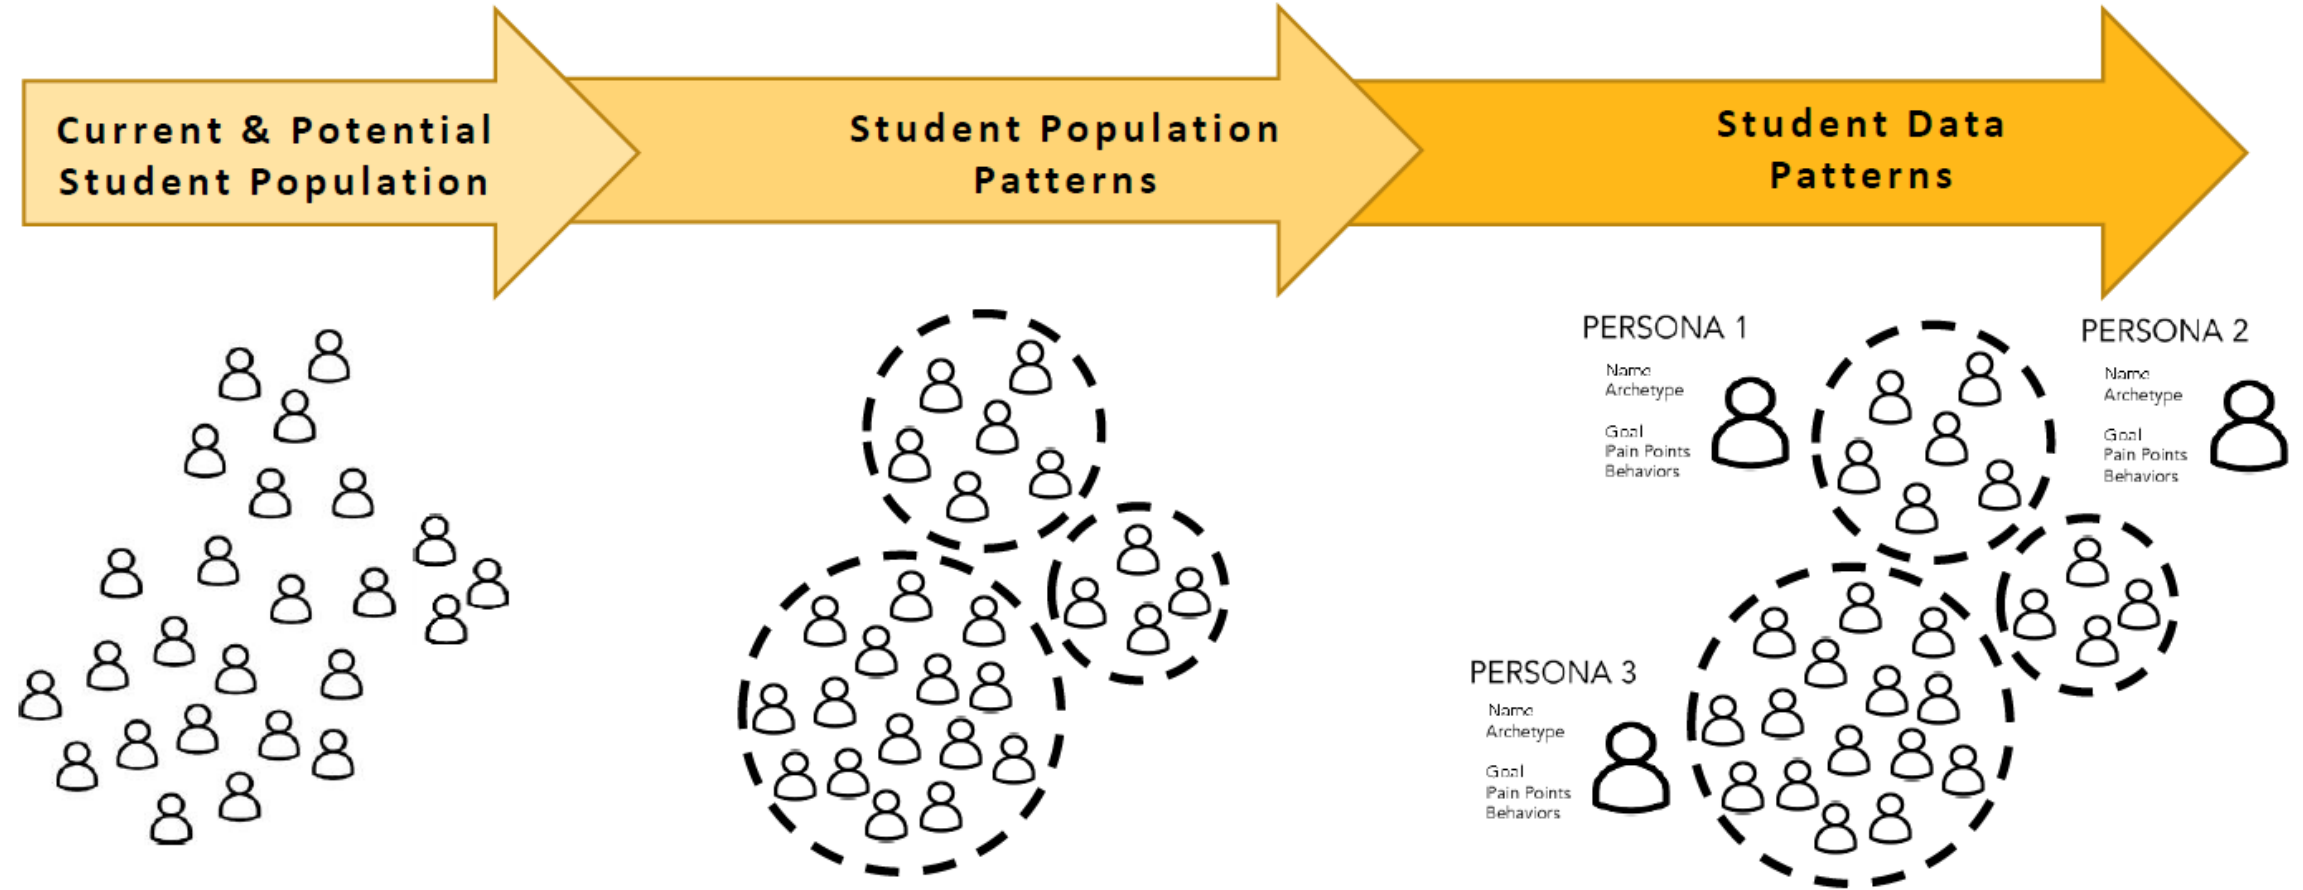

Guided  
Pathways:  
15 to Finish

EDUC 1300:  
Student  
Success Course

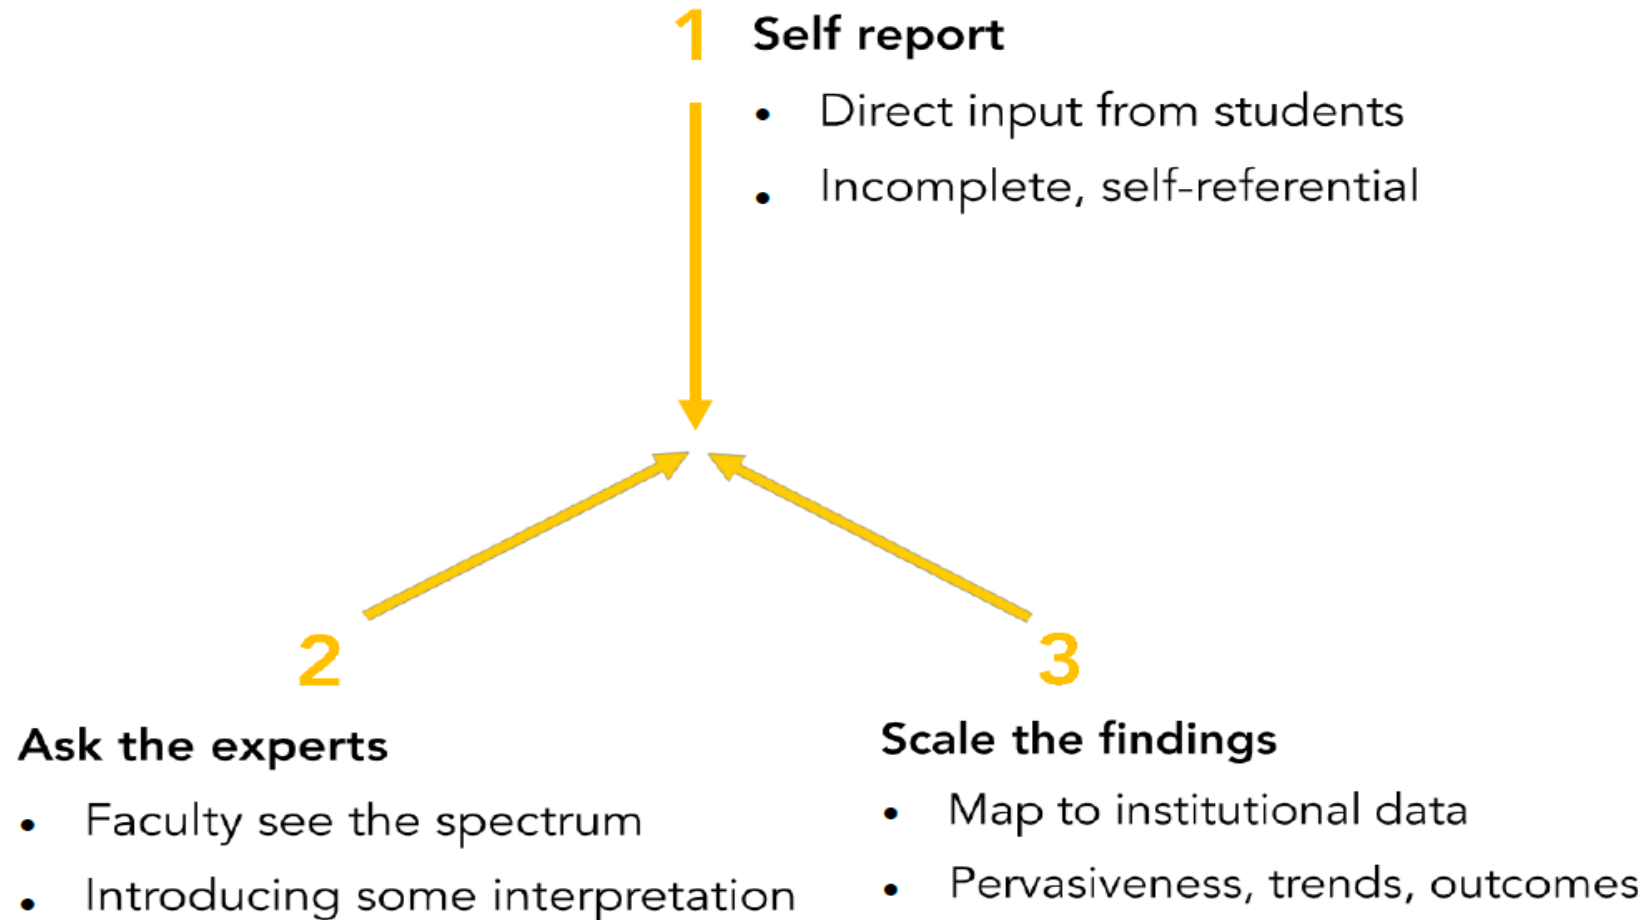

- *My reason for attending HCC is to graduate and move to a university to complete the BA.*
- *We need help with our financial situation – we need help trying to find money for education.*
- *Women have to choose between college and taking care of children, so there should be child care for them.*
- *I hadn't been to a college class in like, twelve years so...I ended up dropping because of work*

# PERSONA DEVELOPMENT

# METHODOLOGY

# TIMELINE

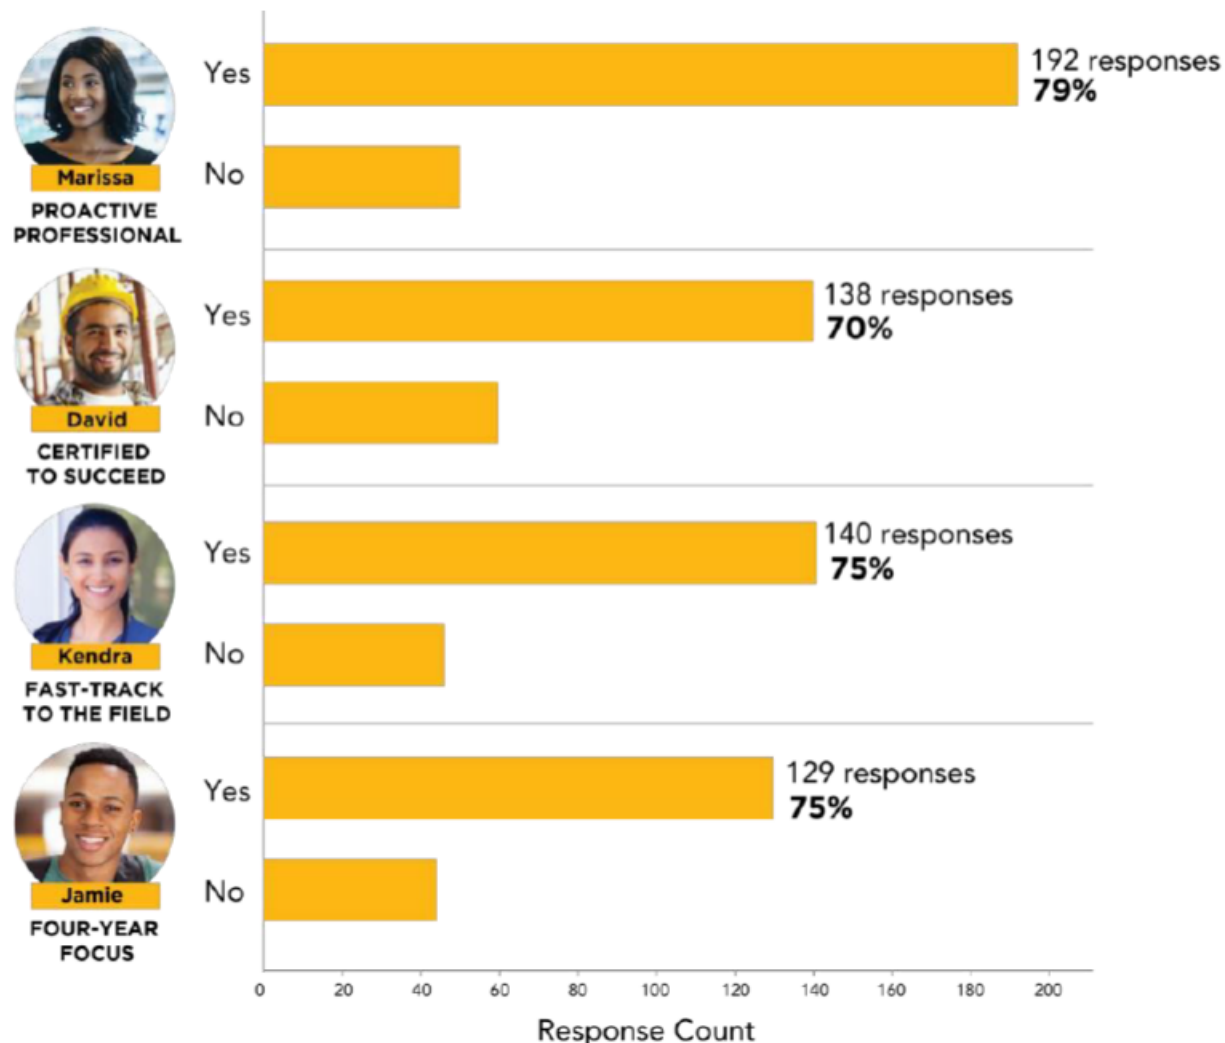

# WHAT WE'VE LEARNED

Initial 4 personas  
feel right and  
relevant.

Qualtrics results:

In your career, have you worked with students who would relate to this persona as a high-level reflection of themselves?

# FURTHER PERSONA DEVELOPMENT

## Persona Elements

- Name
- Photo
- Descriptive title
- Overall goal
- Pain points
- Feelings, influences, behaviors
- Demographics / Bio
- Metrics
- Proportion of customer base

# COMPLETING THE PICTURE

Readiness is a complex consideration, and low readiness challenges have yet to be represented in initial four personas.

## Readiness Composite Factors

SELF EFFICACY // Personal motivation to pursue the journey

GATEWAY SKILLS // Readiness to start the journey

RESOURCES // Access to help to be successful on the journey

HEALTH // Basic needs are being met

# DISTINCTIVE FEATURE: WHY PERSONAS?

To free HCC from the standard categories that limit HCC's understanding about those it serves in favor of more robust portraits that deepen the College's knowledge of how to serve its students – and those who could be its students – more effectively

# FOUR-YEAR FOCUS

## Jamie

**Age:** 18

**Program:** Associate In Science, Engineering

### Background

Jamie just graduated from high school and can't wait to kickoff his college experience. He knows he'd like to get his bachelor's degree, likely in an engineering field. He chose HCC to explore an engineering foundation while working part time and living at home to save up for tuition. He's looking at UT for his next steps, still feels connected to HCC, and is investing in social circles and athletic teams. He spends as much time as he can on campus. Over the summer, he hopes to get an internship to learn more about chemical engineering.

**Goal**  
Build to a 4-year degree

**Success Looks Like**  
•Credits that will carry  
•Navigating the transfer to UT  
•Exploring his career passions

**Pain points**  
•Program cost  
•Keeping track of transfer requirements

### Readiness Composite Factors

SELF EFFICACY // Personal motivation to pursue journey

GATEWAY SKILLS // Readiness to start the journey

RESOURCES // Access to help to be successful on journey

HEALTH // Basic needs are being met

### Persona Shape

### Institutional Data

# SECOND ACT SEEKER

## Denise

**Age:** 50

**Program:** Associate in Arts, Teaching

### Background

Denise has spent the last 25 years working as a personal accountant at a small firm. She fell into accounting because of the stable money and flexible hours, after completing most of a math degree and starting a family in her early 20s. While she's proud of what she's accomplished, she sees the industry changing around her as more people choose to do their own taxes online. She knows the time is now to start a new career chapter—with aging parents who will need increasing help and kids who are now independent, she's in a bit of a sweet spot to focus on herself. Becoming a teacher appealed to her when she was younger, and the youthful energy and capacity to give back still feels right in many ways. She enrolls at HCC to test the waters and learn how to be a student again.

### Goal

**Start her next chapter in life with a new, second career**

### Success Looks Like

- Transitioning into a career she enjoys
- Credit for practical experience where possible
- Successful job placement

### Pain points

- Social stigma for her age
- Managing a lot of uncertainty
- Not comfortable with online learning and degree management tools

### Readiness Composite Factors

SELF EFFICACY // Personal motivation to pursue journey

GATEWAY SKILLS // Readiness to start the journey

RESOURCES // Access to help to be successful on journey

HEALTH // Basic needs are being met

### Persona Shape

## Danise Second Act Review

Danise has spent the last 25 years working as a personal accountant at a small firm. She fell into accounting because of the stable money and flexible hours, after completing most of a math degree and starting a family in her early 20s. While she's proud of what she's accomplished, she sees the industry changing around her as more people choose to do their own taxes online. She knows the time is now to start a new career chapter—with aging parents who will need increasing help and kids who are now independent, she's in bit of a sweet spot to focus on herself. Becoming a teacher appealed to her when she was younger, and the youthful energy and capacity to give back still feels right in many ways. She enrolls at HCC to test the waters and learn how to be a student again.

50 Associate in Arts, Teaching

### Success Looks Like

Transitioning into a career she enjoys  
Credit for practical experience where possible  
Successful job placement

### Pain points

- Social stigma for her age
- Managing a lot of uncertainty
- Not comfortable with online learning and degree management tools

### Its Factors

### Persona Shape

## Marissa: Prospective Professional

Marissa is a sales specialist at a small IT company who enjoys her career but feels stalled. After ten years of working closely with customers, she feels like she could contribute more as a manager but is anxious about her credentials. She sees her boss promoting coworkers with 4 year college degrees and decides to get proactive. She sees the first step as enrolling at HCC to test a full-time course load given her busy schedule, with the intention of continuing on to University of Houston.

Program: Associate in Arts, Business

### Success Looks Like

Adding a strong transcript  
Getting accepted at UH  
Placing credits she can carry

### Pain points

- Keeping up her work schedule and responsibilities
- Keeping back of 2 year and 4 year required coursework

### Its Factors

### Persona Shape

## David: Certified to Succeed

David is an electrician with 12 years of experience under his belt. He and his wife are raising three daughters together, and they've been slowly putting money away for their college funds. It's becoming clear that the math just doesn't add up across their financial needs. To help close the gap, David enrolls in HCC's Construction Management Technology certificate program. His goal is to quickly move up to a foreman role on larger jobs, which would come with a significant pay bump and better benefits. His wife will take on more of the child care responsibilities while David balances work and school to finish quickly.

Age 36 Program: Construction Management Technology, Certificate Level 1

### Goal

Better support his family financially

### Success Looks Like

- Gaining more valuable skills
- Job placement at a higher leadership level

### Pain points

- Completing quickly
- Program cost
